

SAFEGUARD OSH SOLUTIONS

NEED AN ANSWER TO A BURNING HEALTH AND SAFETY ISSUE?

Safety Partner is an extensive online reference, constantly updated with the latest developments in health and safety legislation and case law. Safety Partner is a comprehensive compliance and best practice tool which puts the law in context and provides guidance on common hazards, including sample procedures and checklists, plus commentary on legal obligations with case examples.

Safety Partner contains two modules:

Health, Safety, and ACC provides legal and practical information on occupational health and safety and New Zealand's accident compensation scheme, including detailed guidance and checklists for audits and a chapter on hazard management with guidance on specific hazards.

OSH Related Legislation contains essential health and safety related legislation comprising the Accident Compensation Act 2001, Hazardous Substances and New Organisms Act 1996, and Health and Safety in Employment Act 1992.

Pricing starts from \$100 + GST per year.
