

Safety Systems Advisors

- **Auckland and Christchurch Roles**
- **Newly Created Positions**
- **Scope and Variety of Projects**

At Coca-Cola Amatil NZ we are passionate about people and as a business we have come a long way in developing an excellent platform for safety. We are committed to safety and have set ourselves some big targets including ISO18000 Safety System Certification. In order to achieve this we have a newly created role for a Safety Systems Advisor to join our team in Auckland and one in Christchurch.

Reporting directly to the National Manufacturing Manager this role will primarily be responsible for establishing and implementing a variety of OSH programmes and ensuring the achievement of TCCC and ISO18000 Safety System certification. This role will also play an integral part in a number of health and safety projects and programmes to assure the highest degree of safety for employees and contractors.

We are looking for an advisor to really engage with the business and most importantly deliver on critical safety projects. You will need to be a motivated health and safety advisor with experience in designing and implementing safety systems. You must be able to demonstrate your ability to facilitate change and manage multiple projects. You will need a health and safety/engineering or related tertiary qualification with proven experience in manufacturing/FMCG environment.

This is a once and a life time opportunity! If you are ready to take your career to the next level then don't delay, apply now at www.cokecareers.co.nz or for more call Martin King on 09 970 8155.
